PRE-EMPLOYMENT SCREENING

It is Professional Building Systems, Inc.'s (hereafter Company) policy to ensure that we obtain the best possible employees for the job. As a result, the Company will require all employees to undergo a pre-employment screening on a post-offer basis. The screening will consist of a drug and alcohol test, as well as a pre-employment physical.

DRUG, ALCOHOL AND NICOTINE TESTING

Once an offer has been given, offerees will be required to undergo a drug, alcohol and nicotine test. Any offeree who tests positive for drugs and/or alcohol or whose test is determined to be diluted will have the opportunity for a second test to rule out or confirm the presence of prohibited substances in his or her system. The second test, if requested by the offeree, will be done at his/her own expense. The Company will rescind the offer of employment to any person who has confirmed positive tests for drug and/or alcohol or whose test is determined to be diluted.

The Company recognizes that certain substances can have the effect of creating false positives. Offerees will have the opportunity to raise this issue with a medical review officer in the event they believe a false positive result was created.

PHYSICAL EXAMINATIONS

In the interest of employees' health, each offeree will be required to undergo a physical examination on a post-offer basis. The Company will pay for this physical and the offeree will be assigned a time and date for the physical. This examination will be limited to a determination of whether the offeree is capable of performing the essential functions of the prospective job.

Above all, the Company hopes to provide a healthy and wholesome work environment for its employees. The Company truly believes this will promote happy and productive employees.
